

## ADDENDUM

covering

### CLARIFICATIONS, CHANGES IN SPECIFICATIONS AND/OR SCOPE OF SERVICES

Date Issued: March 10, 2011

Addendum No.: 1

IFB Number: 11-24-064-00 (Painting Services: Station Platform Tactile Warning Surfaces)

Procurement Officer: Gregory Moore

#### INTENT

1. This addendum is intended to clarify a discrepancy regarding the date on which the pre-bid/job walk conference will be held in support of the above referenced IFB. The newspaper advertisement issued by RCTC indicating that the meeting would take place on *March 10, 2011* is not correct. Please be advised that the *March 15, 2011* date identified in the IFB, as originally posted on the RCTC website ([www.rctc.org/rfps.asp](http://www.rctc.org/rfps.asp)), for the non-mandatory pre-bid meeting/job walk is correct and will be held as scheduled.

#### Clarification (as described in the IFB):

**PRE-BID MEETING/JOB WALK.** A non-mandatory pre-bid conference will be held on **March 15, 2011** at **2:00 p.m.** at the Riverside Downtown commuter rail station, located at 4066 Vine Street, Riverside, CA 92507.

2. The bid deadline remains Thursday, March 31, 2011 at 2:00 p.m. Bids received after the specified date and time will be considered non-responsive and returned to senders unopened.
3. All other terms and conditions of the IFB will remain the same.

A handwritten signature in black ink, appearing to read "Gregory Moore", is written over a horizontal line.
